Welcome to The Set Salon. On December 1, 2022, the doors of our new location in Amsterdam East were opened. The location on Cruquiuseland overlooks the water and is adjacent to a large cozy square. The salon contains 140m2 with multiple floors. For this wonderful place, we are looking for various professionals.

Have you always wanted to have your own salon but didn't know how? This is your chance to be independent yet have security. Your dream job in a beautiful location with the nicest people around you. What more could you want? Even as an intern, you are more than welcome.

- Hairdressers
- Hairstylists
- Color specialists
- Barbers
- Nail stylists
- Cosmetic doctors
- Beauty specialists
- Eyebrow specialists

You will be sharing the space with multiple chair renters. The Set is a luxury salon in a higher segment. The clientele on the island fits well with our concept. Downstairs, there is Jōki coffee bar, which we can use, and we also have a number of parking spaces in our garage.

Myself (Niki), work a lot as a freelance hairstylist on set, so I will occasionally be present on shoots. For this, I am also frequently looking for other artists; perhaps you can also strengthen our team in that regard. If you want to know more about me, you can always read my biography on the website.
