MEET THE FOUNDER

Niki Vos (1986) grew up in a small town. Yes, that's the way many stories begin, but this story is a little different. As small as the town was, as big were her dreams. Niki was born with a mission: bringing the world better hair and make-up. So she started working at her mum's hair studio as soon as she (almost) reached the legal working age. And so her journey began.

Within the years that followed she collected degrees at a bunch of different hair and make-up institutes: Nederlandse Kappersakademie, Toni & Guy, Kinki, Dik Peeters, The Hairschool and House of Orange. Since foxes are not only clever but also adventurous, she packed her bags and brushes and moved to America. In the big U. S. of A she worked at the spa of a luxurious cruise ship. After making numerous boat guests look absolutely fabulous and seeing the world, the entrepreneur moved back to the flat soil of The Netherlands and started her own business as a make-up and hair artist.

Her national and international client network is mainly focused in the fashion industry. She works for M.A.C. and Dior, but also for different magazines like Harper's BAZAAR, photographers from all over the world and Fashion Weeks. Her mission goes further. With the same enthusiasm she creates bride looks and cuts the hair of half the population of Amsterdam. Niki values talent development, that is why she is the ambassador for hairstylist platform GYLD in her spare time. She also won several prizes in different expertise's.

TIPS AND TRICKS FOR THE BIG DAY

- * We need a large table where we can display our equipment.
- * We prefer natural light in the room so that we can see what we are doing.
- * Electricity in the place where we will be working, preferably with an extension cord or reel.
- * Preferably a place on the ground floor due to the heavy bags. We find the kitchen or near the dining table to be a nice place.
- * We prefer not to have too many people in the room. We enjoy having people present, but if it becomes too crowded, we will kindly ask to be allowed to work alone. We have found that too many people in the room can limit us in our work.

Extra tips for the bride:

- * Write the vows. This cannot be done during hair & make-up.
- * Shave your legs and armpits (if desired).
- * Manicuring and polish nails on hands and feet (if desired).
- * Wash your hair the morning of the wedding, preferably without conditioner.
- * Wear loose-fitting clothing and avoid lines from a bra strap or socks.
- * Steam the dress(es). Don't forget the kimonos for the morning. It's a shame if everyone is in the photos with wrinkles in their kimono.
- * Some brides are very nervous. It's nice to have valerian on hand.
- * Prepare some food for breakfast and lunch.
- * Bridesmaids should wash their hair the day before, without using conditioner and dry it with mousse or surf spray. When someone has short hair and needs to be styled, please wash it on the day itself and come with wet hair.
- * Make sure to always schedule some extra time for taking beautiful photos with the photographer before being picked up. We would appreciate being tagged on social media with Thesetwedding.nl on Instagram. It would also be great if you could send some photos later to info@theset.nl.

TERMS AND CONDITIONS THE SET WEDDING

- ♥ Following the request, we will schedule an intake session at our location in Amsterdam, The Set salon at Cruquiusweg 89F. During this intake, we will jointly create a suitable look for the wedding. To make this trial session as smooth as possible, we advise you to wash your hair and wear your daily makeup beforehand. For €200, you can schedule an extra trial session at any time.
- ♥ If possible, we would appreciate receiving visual material of the dress or a mood board/Pinterest board of the desired look and feel.
- ♥ If a different party is chosen after the trial session, we will have to charge the cost of the trial.
- ♥ On the day of the wedding, we ask for a large table with enough daylight on location. If possible, we prefer electricity and a mirror (a mirror is particularly important for shaping the hair).
- ♥ It is always possible to have someone available for touch-up moments or a new look during the wedding. The extra costs on top of the package are €400.
- ♥ All costs are including 21% VAT and any parking and travel costs (€0.25).
- ♥ Extra supplies such as lashes are included in the price.
- ♥ Hair extensions are made to measure, but will have to be returned after the wedding to Cruquiusweg 89G, 1019AG Amsterdam.
- ♥ For weddings abroad, flights and accommodation are not included in the price.
- ♥ For weddings abroad, we charge a travel fee of €250 per travel day.
- ♥ If the location is not in the Netherlands, our preference goes out to a well-cared-for overnight stay for the respective makeup artist and/or hairstylist.
- ♥ It is possible to cancel free of charge (except for the trial session) up to 60 days before the start of the wedding. After this, we will have to charge 75% of the chosen package.
